Description:

When people think Spokane, they think Riverfront Park. Home to Expo '74, the park has been beautifully renovated to honor its history and provide modern attractions. Here you will experience the Spokane River; calm in places, gently rippling in others and then thundering over the Spokane Falls. Take in a view of the Spokane skyline from the Pavilion's sky bridge, take a ride on the hand-carved Looft Carrousel and Numerica Skyride, then take a spin on Skate Ribbon.

Riverfront Park is adjacent to the Spokane Convention Center and a short walking distance from River Park Square and dozens of restaurants, wineries, breweries, shops, and hotels.

When people think Spokane, they think Riverfront Park. Home to Expo '74, the park has been beautifully renovated to honor its history and provide modern attractions. Here you will experience the Spokane River; calm in places, gently rippling in others and then thundering over the Spokane Falls. Take in a view of the Spokane skyline from the Pavilion's sky bridge, take a ride on the hand-carved Loeff Carrousel and Numerica Skyride, then take a spin on Skate Ribbon.

Riverfront Park is adjacent to the Spokane Convention Center and a short walking distance from River Park Square and dozens of restaurants, wineries, breweries, shops, and hotels.

Description:

The Numerica Skyride offers the best, upfront views of the Spokane Falls that run through downtown Spokane. You will travel past art deco City Hall, then gradually drop down 200 feet over the Huntington Park Natural Area. From there, you will continue across the Spokane River in front of one set of falls, under the historic Monroe Street bridge and return to Riverfront Park.

While the best views are March through June when water is raging, there is always something beautiful to see. Bring your camera!

Children 15 and under must be accompanied by an adult. The Numerica Skyride may be closed due to high winds or extreme temperatures. Visit <https://my.spokanecity.org/riverfrontspokane/attractions/skyride/> for more information.
